COREDELUXE WALL BALLS

Wall Balls

PRODUCT OVERVIEW ▼

CoreDeluxe wall balls are individually constructed, stitched, and tested at our manufacturing facility in Xiamen, P.R.C, these wall balls are made for high-speed, high-intensity training.

Customers can choose from several different weight increments. all featuring the same 14" diameter and scuff-resistant vinyl shell for a consistent feel as you progress. The interior filling is substantial enough to help the ball keep its shape over repeated use, but forgiving enough for athletes to safely stop or catch the ball at high velocity.

As one of the few wall balls on the market designed and manufactured in the China, CoreDeluxe goes the extra mile with reinforced, double-stitched nylon threading built to handle daily indoor/outdoor abuse in a wide variety of applications.

Customized logo printing available.
